Subject: Fw: Quality Control Report from UNL for Isotope Analyses

Hi Jennifer:

I should of provided this Quality Control Report from Dr. Snow, University of Nebraska Laboratory when I provided you with the Isotope Report.

Would you be able to upload this Quality Control Report from Dr. Snow to the Northeast Juneau County, Wisconsin website.

If you have any questions, please contact me by phone at 312-886-1463 or by e-mail.

Sincerely,

Cheryl Burdett

I think it should be posted but we should give it to the state first and let them know it will be added to the website.

Subject: Quality Control Report from UNL for Isotope Analyses

Hello Pat and Ryan:

This is the Quality Control Report from the University of Nebraska for the Isotope Analyses. This report did not get uploaded to our website is there any reason that I cannot ask Jennifer or Karen to put it on EPA's website. I reviewed the report and redacted the PII.

Sincerely,

Cheryl Burdett

Hi Cheryl,

Dr. Snow sent the QAQC results last Friday, please see attached. Please let me know if you have any questions!

Thanks,
Daisy

Daisy,

The QAQC report took a bit longer to assemble because some staff were out on vacation last week. Let me know if you have any questions. Thanks! -Dan

Dan,

OK – thank you. I'll let EPA know about the quality assurance report timing.

We'll extend the RFP due date to August 17th, but would greatly appreciate it if you can turn it around sooner.

Best,
Daisy Wang

Daisy,

Sorry but I was referring to an earlier version of the statement of work and did not see that the quality assurance report had been included in the final agreement. I will try to have the QAQC report completed by August 24th. Will provide an estimated completion date for the interpretive report after the contract has been finalized.

Thanks! -Dan

Hi Dr. Snow,

I just checked in with EPA – would it be possible for you to respond to the RFP by mid-next week (8/15) and then (assuming there are no problems with the response) to provide the report by 8/31?

In addition, can you please provide the Additional Quality Control Report on an earlier timeframe, since it is a deliverable already covered under the current purchase order? EPA would like to have this data as soon as possible.

Please let us know, thank you!

Daisy,

I would expect that the contract can be reviewed and returned by August 17th, but I'll have to let Sheryl handle this when she returns.

Assuming there are no problem with the new contract, I can provide the additional reports by September 7th. -
Dan

Hi Daniel,

Thank you for your fast response. We can extend the RFP due date; when is the earliest that you can respond by? Can you please also give me an idea of how much time after the paperwork is in place you would need to complete the report?

I believe EPA would like to complete this work as soon as possible, but I am not aware of any other specific timing restraints.

Thank you,
Daisy Wang

Good morning Dr. Snow,

We received an out-of-office response from Sheryl May – should we forward the RFP to one of the POCs listed below? Or will Sheryl be able to respond when she returns? Please note that we're requesting a response by this Friday, August 10.

Thank you,

Daisy Wang
